

# THE MESSENGER

TELLING THE STORY OF  
JESUS IN EVERY  
LANGUAGE

## Language Recordings UK Newsletter No 10

Hello dear friends & thank you for your continued support & prayers for our work here. This year has started busy & looks like another exciting year ahead. Our teams around the world continue to record & distribute new recordings in many languages & currently the number of languages & dialects recorded is over 6100. We Praise The Lord for this amazing figure, but many languages have still to be "captured" bringing the "Good News" to those who haven't heard yet.

**From the UK office** Over the last few years, we have continued to record & distribute mostly in Europe, particularly in the minority languages & where there is no real established church. When we travel in places like Albania, Macedonia, Russia, Kosova, Serbia, Montenegro, Croatia, we see the need for The Gospel where many live in hopelessness. However, we see a new enthusiasm & hunger from many who have now heard &

praise The Lord...this is a great encouragement.

We continue to send out our Saber MP3 players, flip charts & recordings on CD. We pray for many to hear in their own language. Recently e.g., Sabers were sent out to pastors & evangelists containing 115 messages in 9 different languages on each unit. Many CDs & DVDs are also copied & dispatched. Praise The Lord.

TELLING BIBLE STORIES

EXHIBITION AT THE WEC CENTRE

SMILING FACES

SOME KOREAN MISSIONARIES IN OUR OFFICE

**Recording Trips in planning.** In April Kenny & Ray will travel with a team to Russia, to visit a rehab centre to make some recordings with new Christian believers. They will also work alongside the ministry of the local church & supply our recordings & flip charts. In May Kenny, Joan & Ray are taking a team from the UK & Australia to Kosova & Albania for distributing aid & recordings. At the end of June, Kenny & Joan also travel to a country closed to The Gospel to make new recordings. In September Joan will join an outreach team in Bergen, Norway, to crew members on cruise ships, which dock at the port. This project is organised through our Dutch office who distribute 1000s of CDs & DVDs in this way.

**Mobile phones.** There are over 6 billion mobile phones registered in the world. This gives us a wonderful opportunity to reach out to these users, by downloading our Gospel recordings in their language, from our GRN web site. In 1939 our mission started supplying the Gospel on records, then cassettes,

to CDs, DVDs, Mp3 downloads & now on mobile phone. Isn't our God a creative God who longs to reach His people? Adapting GRN resources for mobile devices has become an increasing priority as more & more people have access to this technology.

**Other centres:** Our GRN **Gambia** office reports, "We showed the Jesus film for five nights & distributed hundreds of audio tapes in many languages. As a result about 105 people prayed for God to forgive their sins & receive Jesus as their Lord and Saviour." Our team working in **Cameroon** visited some pygmy villages where there is great spiritual & physical need. When they heard the Good News in their language many were touched & gave their lives to God. The team also repaired the huts of some elderly pygmies.

**Local churches.** If your church has foreign speakers attending & you would like some recordings for them in their language, give us a call. Perhaps you have a neighbour or a friend who speaks another language. Why not let them hear one of our CDs in their language.

**Legacy.** To help our work to continue, it would be great if you felt to leave a legacy to the work here at LRUK. Please ask us for details...many thanks.

**Thanks** to all those who send in gifts in support of the work. We really appreciate you. Special thanks to those who give anonymously as we don't have the opportunity to thank you personally by letter...God Bless you.

**Ps 147 v 11. "The Lord delights in those who fear Him, who put their hope in His unfailing love." God calls each of us closer to Him.**

God Bless you & bye for now. Kenny.
