TELLING THE STORY OF
JESUS IN EVERY
LANGUAGE

Language Recordings UK Newsletter No 9

Welcome to this issue of The Messenger. The last one was in March & so much has happened since then, not only with our work but also with world events. Time goes so quickly & things change. Something that never changes is Gods love & His faithfulness. We hope you enjoy this **Good News**. In April we visited Thailand for the 4 yearly GRN Council meetings. This was a great time of

fellowship with the GRN directors from different countries & it was so lovely to meet many for the first time. The beauty of Thailand was evident to all & the people very friendly & open to us. It was a blessed time.

After the meetings we visited our son Chris' family in Osaka, Japan. They are involved in church planting work. We also made some recordings while there...

During the Easter week Kenny travelled with Ray, one of our Board members, to Serbia to make new recordings in Serbian & in a Balkan Romany language called Arlijan, which we hadn't recorded before. Since then the editing has been completed & distribution started. The recordings are also available free on the www.globalrecordings.net web site. Please pray for many to hear

this "Good News" on these recordings.

In June we visited Kosova with a team of 10 & had a wonderful time encouraging the local churches, giving out humanitarian aid & our recordings on CD & DVD. The churches are growing & one of the problems they have is that they haven't enough chairs for the new people to sit on. Many churches here in the UK would welcome that kind of problem eh!

UK office news.

Many orders for our materials continue to be sent out around the world & we are continually amazed where all our materials go. The Saber units & flip charts are so popular & useful to those who share the Good News in thousands of villages around the globe.

For a few days in August, Kenny & Joan were the Missions speakers at the WEC Warriors Kids Camp in Devon. Many visitors come into the office & we especially welcome Kim & Meryl Knight from our Australian office in Perth, who are here in the UK for a short visit. Other visitors included teams of Korean Bible students & some missionaries returning home for a break.

Again on 12th September Kenny & Ray are taking another team to Kosova & Albania for recording & distribution of recordings & aid to the many poor families, widows & orphans. Kenny & Joan then fly to Sydney for recording up grade training on new recording & editing equipment.

News from our other GRN centres: East

Africa: "The Sabers were played to the Jie people. Given opportunity the people will listen for hours on end & still ask for more". **Mali:** "Our ministry is among 99% Muslim people. These people are hungry for spiritual truth because all they know is empty. People are begging for more players that tell the truth in their own dialect". **Burkina Faso:** Praise God for 22 churches planted as results from outreaches using our GRN materials....Wow!... **Myanmar:** "A young girl came to the Lord several years ago from a Buddhist background & has dedicated her life to reaching her own tribal people".

Indonesia: A country with hundreds of languages with nothing

of the Gospel. **Mexico:** At a recent outreach to Indian migrant farm workers, 12,600 CDs in over 120 languages & dialects were given out. Other materials & New Testaments were also given out. Over 3,600 people made a decision to follow Jesus. Praise The Lord.
