

## Recordings To Chad... Part 2

---

As a follow on...Some weeks ago we shared about Amos going to visit his home country of Chad. He has returned to the UK and was really blessed on his travels to the capital city of Chad and to his home village. He was delighted and blessed to see his family and friends and especially to give out the GRN materials we had given him to take.

He taught at a pastors conference during that time and I think all the pastors and Sunday school teachers wanted our materials. They loved the colourful flip charts and to hear the recordings on the Saber players. Joan had loaded the Sabers with the New Testament books Amos and I have been recording over a long time. We also put the Audio New Testament from "Faith Comes By Hearing" on

the Sabers.

I loved the fact that we could get the materials delivered directly to the churches we had aimed at without postage and custom problems. We Praise The Lord for this.

God Bless you.

Kenny McKee
